

United States Department of State

Washington, D.C. 20520

JUL 25 2003

Dear Mr. Speaker:

Pursuant to Section 36(c) and (d) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed manufacturing license agreement for the manufacture of significant military equipment abroad and the export of defense articles or defense services sold commercially under contract in the amount of \$100,000,000 or more.

The transaction contained in the attached certification involves the export to Turkey of technical data and assistance for the manufacture, testing and repair of Generation II and Generation III Night Vision Systems for sale to the Turkish Ministry of Defense and return to the United States.

The United States Government is prepared to license the export of these items having taken into account political, military, economic, human rights and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

A handwritten signature in black ink, appearing to read "Paul V. Kelly", with a stylized flourish at the end.

Paul V. Kelly
Assistant Secretary
Legislative Affairs

Transmittal No. DDTC 061-03
